

## Service Profile

### AI & Web Development Expert

I specialize in creating innovative solutions for businesses and individuals through web development and Artificial Intelligence (AI). My services include:

- 1. Static Site Development:** Building fast, secure, and scalable static websites for businesses and companies.
- 2. Custom AI Solutions:** Developing AI solutions for various company, brand, and business use cases.
- 3. AI-Powered Customer Care:** Designing AI agents to act as customer care service bots, providing 24/7 support.
- 4. Conversational AI:** Building conversational AI solutions for companies, brands, and businesses.
- 5. Integration Services:** Integrating customer care service bots with companies' and business sites.
- 6. AI Adoption & Education:** Educating businesses and companies on incorporating AI into their workforce.
- 7. AI Development Training:** Teaching individuals AI development skills.
- 8. Python Programming Education:** Providing training and guidance on Python programming.

#### Expertise:

- Web development (static sites)
- AI development (custom solutions, customer care bots, conversational AI)
- AI integration (customer care bots)
- Education and training (AI adoption, AI development, Python programming)

#### Let's Collaborate:

Whether you're a business seeking to leverage AI or an individual looking to develop new skills, I'm here to help. Let's discuss how I can assist you in achieving your goals.
